Wollensak Lenses and Shutters

Effective December 1st, 1921

WE PAY THE 10% TAX!

The prices quoted in this list include the 10% excise tax on lenses which becomes effective January 1st, 1922. This is virtually a substantial reduction and is merely another instance of our policy to keep our prices within the lowest limits consistent with Wollensak quality.

A Quality Product at a Moderate Price

Wollensak products are sold on a basis of quality, not of competitive price. The fact that the prices are lower than those of ordinary lenses and shutters testifies to our efficient and economical methods of production. We are pleased to be able to offer such fine equipment at such reasonable prices but invite your comparison more particularly with reference to genuine merit, rather than price alone.

Wollensak Optical Company

ROCHESTER, N. Y.
